Re: SCP/Carlstadt De Minimis Settlement

Dear Sara Beth:

Thank you of your August 29 fax.

The Mallory Battery Company was a division of a publicly-owned company named P.R. Mallory & Co. Inc. P.R. Mallory & Co. Inc. changed its name to Duracell in the early 1980's. In short, the Mallory Battery Company has evolved into today's Duracell Inc. In my opinion, Duracell Inc. is the company which is today responsible for any liability associated with the Mallory Battery Company's (P.R. Mallory & Co. Inc.) former operations. Duracell Inc. is a wholly-owned subsidiary of Duracell International Inc. Both are Delaware corporations.

Please let me know if the above information is sufficient.

Very truly yours,

*Gregg A. Dwyer*
